WAMP DAO Project <N>

Project Mandate

Define Project

Holders of governance tokens vote on creating (or modifying) Projects. The goals and deliverables of a Project are defined in the Project Mandate which sets the direction of the work that Project Boards must help carry out by using their budget and exercising their Governance Powers.

Project Board

Manage Project

Holders of governance tokens vote on who will head up the Projects. Those elected to a Project Board oversee their Project's budget, which means hiring people and buying services and products to achieve the Project's mandate.

Project Contributors

Reward Contributors

Gift Circles allow Project contributors to collectively reward each other making project payments more equitable and transparent.
